8 MAY 2019

LET'S GROW SOUTH AFRICA TOGETHER

The future of our country is in the hands of those who care about it the most. You, the Voter.

Together with the people of South Africa, the ANC is ready to write the next chapter in our country's history. A chapter of new hope in the fight to eradicate unemployment, poverty and inequality.

MORE JOBS, MORE DECENT JOBS

Working with labour, business and communities, we will create many new jobs and ensure that all workers can earn a decent living.

We will set bold and achievable targets for youth internships and remove work experience as a requirement in the public sector to make entry jobs more accessible to youth.

We will implement the national minimum wage to improve the lives of workers.

AN ECONOMY FOR ALL

We will build an economy in which all our people have a meaningful stake and from which they can all benefit.

QUALITY HEALTH FOR ALL

We will take immediate steps to improve the state of hospitals and clinics and work to give everyone access to free quality health care at the point of service.

SECURITY AND COMFORT FOR ALL

We will further improve the lives of millions of South Africans by working towards comprehensive social security, building houses closer to work opportunities, providing affordable basic services and safe, reliable public transport.

SAFE COMMUNITIES, SAFE LIVES

We will strengthen policing to rid our communities of all forms of crime, drugs and gangsterism, and implement a national plan of action to end gender-based violence and ensure police and courts are better equipped to assist survivors.

A SKILLS REVOLUTION

By opening up the doors of learning to all, by focusing on quality and innovation, we will equip young South Africans for the world of tomorrow.

CAPABLE, HONEST GOVERNMENT

We will end state capture, restore the integrity of public institutions and tackle corruption, while restoring the ability of government to deliver services fairly to all.

A NATION UNITED IN DIVERSITY

We will work to unite all South Africans to overcome the divisions of the past and build a country in which all belong, and in which all feel at home. We will ensure that gender and disability are taken into account in all government planning, budgets, targets and programmes.
